FINISH-TECHNIK IN PERFEKTION

Exclusively Distributed By Broadbent Laundry Systems

FINTEC

FINISH-TECHNIK IN PERFEKTION

● Garment Finishing

BLS are proud to introduce a new line of equipment into our growing range.

At BLS we choose our suppliers carefully so you can be sure of the highest levels of production, reliability, build quality and safety.

Of course these products are backed by the biggest services and support team in the industry.

Designed to meet the increasing needs of laundry operators, these products are already generating a lot of interest.

Please call us for more information.

Fintec are a new partnership for Broadbent Laundry Systems and bring with them a complete range of garment finishing equipment. Built in Germany to very high standards, these well engineered machines have proved to be very reliable.

There is a product for every finishing application and they are backed by Broadbent's renowned customer support.

See the enclosed Brochure or call our office for more information.
