

# Lavamac LMA series

## Hygienic barrier washers

### LMA range

A range of commercial and industrial hygienic washer extractors built to high standards within the EU. Featuring high grade stainless steel drums and casings across the range. Pullman type construction with D & Y pocket configurations, for incorporation into a barrier. A clear Micro-processor control makes them simple to operate.

## FEATURES

Microprocessor control

Large Loading Door

High-G Suspended Drum

Heating options

Heavy Construction

Inverter Drive

Fully programmable, large simple interface, 99 washing programs

Large, wide-opening doors for easy loading

Full suspension, Hi-G up to >300G for improved drying times

Depending on model, available with electric, steam or combination heating

Heavy commercial construction, suitable many applications

Quiet, efficient, totally flexible, controlled acceleration and better distribution
