

# Lavamac Dryers

## Commercial dryers 13 - 77kg

### LS & LDR range

A range of efficient commercial dryers built to high standards within the EU. Featuring stainless steel drums across the range and large diameter doors make loading easier. The drum has a single oversized bearing housing, no idler wheels to maintain. Advanced airflow and heating methods give excellent drying performance up to 15% quicker than previous generations.

## FEATURES

- Microprocessor control
- Optional humidity control
- Large loading door
- Advanced airflow
- Heavy construction
- Quality support

Fully programmable, large simple interface, 99 washing programs

All LS dryers can include facility to choose dryness of 0-30% residual moisture

Large, wide-opening doors for easy loading

Combination axial and radial airflow, 15% more efficient (LS range only)

Oversized bearings, stainless steel drums (LS range only)

ISO9001 manufacturer backed by an ISO9001 accredited UK distributor
