

Lavapress LP572

40 Bar Moisture Extraction Press

Lavapress LP572

A high performance moisture extraction membrane press with a maximum pressure of 40 Bar. Selectable pressing programs allow the full range of textiles to be processed. A unique drainage plate design gives excellent moisture removal rates and makes this a very economic option.

FEATURES

- Microprocessor Control
- Standard Lavatec membrane
- Drainage Plate
- Cake conveyor belt
- Extremely heavy duty
- Energy efficient
- Hygienic option
- Handing options

7 selectable programs with 3 adjustable, selectable pressures 18, 27 & 40 Bar

Compatible with the standard range of Lavatec membranes

Unique drainage plate ensures clear channels are maintained for escaping water

The special conveyor belt material prevents lint blinding.

Maintains the Lavapress tradition for reliability and build quality

Moisture removed in the press is approximately 15 times cheaper than drying

Built in disinfection option for healthcare / hygienic applications

Right, left or axial configurations with various conveyor options

Technical Data

Lavatec LP572 40 bar press

Capacity

35kg, 50kg or 60kg options

Connections

1 x DN20 cold water, 1 x DN6 air, 1 x DN50 water recovery, 1 x DN100 drain

Electrical requirements

380 - 400v / 3ph / 50Hz connected load 12.2kW

Net weight

9000kg

Operational dims HxWxD

3200-3450 x 1880 x 2155 approx.
